Remarks

Investment opportunity in the heart of Oranjestad!

Surrounded by new and existing commercial establishments such as restaurants, retail stores, casinos, bars, and more...the building is right next to the Aruba cruise terminal, Harbour House and only a few minutes away from the Renaissance hotel, mall and marketplace. A great location for any enterprising business or investor interested in owning commercial property in Aruba. The ground floor consists of 9 commercial spaces which can be used for shops, bars, restaurants etc. The first floor has fantastic ocean views and would be ideal for a bar/restaurant, but it could be used for anything. There are several parking

spaces in front of the building, as well as a large parking lot in the back. The property is freely accessible through the highly trafficked L.G. Smith Boulevard.
